This week a committee in the Oklahoma House of Representatives voted on a tax increase package that would raise taxes more than \$700 million dollars a year to alleviate a budget shortfall, some estimates are tax increases could be close to \$1 billion dollars. These taxes include increases in the gas tax, some income tax increases, increases on industry taxes on oil and gas and wind industries and coal and railroads. These taxes would affect all income levels and all Oklahomans from individuals to businesses. Now, thinking about the next election, would you vote to re-elect your member of the Oklahoma state house or state senate if they voted to increase your taxes?
